DETAILED ACTION

The Amendment, filed on February 6, 2004 has been entered and is acknowledged by the Examiner.

Cancellation of claims 7 and 11 has been entered.

Allowable Subject Matter

Claims 1 and 9 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1 the references of the Prior Art of record fails to teach or suggest a lamp device with the combination of the limitations as set forth in claim 1 and specifically comprising the limitation of a heat absorbing part wrapped around substantially the entire length of the first sealed portion and a plate-like heat channeling part for channeling heat from the heat absorbing part to a location external to the reflector, the heat channeling part passing through the reflector and communicating with an area outside the reflector, wherein a surface of the channeling part is perpendicular to the transparent member.

Regarding claim 9, claim 9 is allowable for the reasons given in claim 1 because of its dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
